Hotel Metropol – A Moscow landmark.

The distilled essence of 900 years of turbulent history: That, and more, is Moscow. Its roughly 15 million people are now flourishing – making this one of the quirkiest and most fascinating cities in the world. The economy is booming, and the mayor has set himself an ambitious target: „Together we will make Moscow the most beautiful city in the world!“ Once you arrive in the Russian capital, few places immerse you in its rich history the way the Hotel Metropol does. The historic building commands a regal setting, right opposite the famous Bolshoi Ballet and with a direct line of sight to Red Square. The new owners have set themselves the goal of once again establishing the Metropol as the undisputed pinnacle of Russian hoteliery. In the process, they are trusting to the legendary professionalism of the Swiss luxury hotel segment and have appointed Michel Rey, former director of the Baur au Lac in Zurich, to chair the Board of Directors. The running of the hotel is also in Swiss hands: Dominique Godat, who spent more than 17 years at the helm of the internationally respected Kulm Hotel in St. Moritz, moved to Moscow as the Metropol's General Manager in Summer 2013. **Hotel Metropol | Moscow 2 | Teatralny Proezd 109012 Moscow | Russia | +7 499 501 78 0 | Metropol@metmos.ru | www.metropol-moscow.ru**
